

## Grade 7 Terms you need to know:

- static load
- dead load
- live load
- foresight
- the load
- Stable
- centre of gravity
- concentrated
- structure
- foundation
- undamaged
- supported
- Campanile
- Foundation
- Stabilize
- Lean distance
- tapering
- topple
- stability
- low centre of gravity
- gravitational force
- form follows function
- arch bridge
- cable stay bridge
- girder
- pier
- span
- suspension
- truss
- frame structure
- abutment
- buckle
- bend
- compression
- corrugation
- dead load
- dynamic load
- live load
